End of Life Notification: BNO080 Dev Kit

Dear Digikey,

CEVA is introducing its new Development Kit, the BNO086 Dev Kit. It is compatible with the existing BNO080 Dev Kit in fit, form, and function yet it includes the CEVA BNO086 9-axis SiP which offers new features. Thus, we are ending the life for the BNO080 Dev Kit.

EOL Products

- BNO080 Dev Kit

CEVA releases the new BNO086 Dev Kit

- All future orders should be the BNO086 Dev Kit. If there is a special need for the BNO080 Dev Kit, please contact us.
- Existing inventory of the BNO080 Dev Kit can be returned with a requested RMA and the purchase price will be credited towards the purchase of the BNO086 Dev Kit. Price remains the same for the new Dev Kit as the previous BNO080 Dev Kit per the latest CEVA price list.

If you have additional questions regarding this notice, please contact me at 301.437.8426 or [steven.francz@ceva-dsp.com](mailto:steven.francz@ceva-dsp.com).

Regards,

A handwritten signature in black ink that reads "Steve Francz". The signature is fluid and cursive, with the first and last names being clearly legible.

Steve Francz

*Senior Director Hardware Engineering & Operations*
