<b>Audience</b>	All cellular product distributors, resellers, and customers.
<b>Product Notice</b>	<p>Digi recently introduced the next-generation, more capable Digi TX54 5G global transportation router. This PCN announces Digi is streamlining the TX54 product line. We are phasing out legacy 4G LTE (Cat-11) global technology, to align with market demand for newer options to offer our customers 5G Technology. For North American customers, the 4G LTE (Cat-12) product remains available.</p> <p>The major benefits of this change are upgraded cellular technology, fewer SKUs for partners to track, and improved supply availability.</p> <p>See your Digi Sales representative for questions concerning affected products. A table with suggested replacement SKUs is provided below.</p>
