

ALS80A303QT250

Aliases (A381UW303M250A)

ALS80, Aluminum Electrolytic, 30,000 uF, 20%, 250 VDC, -40/+105°C

| General Information      |                                                                                               |
|--------------------------|-----------------------------------------------------------------------------------------------|
| Series                   | ALS80                                                                                         |
| Dielectric               | Aluminum Electrolytic                                                                         |
| Description              | Screw Terminal, Aluminum Electrolytic                                                         |
| RoHS                     | Yes                                                                                           |
| AEC-Q200                 | No                                                                                            |
| Halogen Free             | Yes                                                                                           |
| Typical Component Weight | 2000 g                                                                                        |
| Notes                    | Dimensions D And L Include Sleevng. MS (MxH) = M12x16. Mounting Clamp (Sold Separately): V90N |
| Shelf Life               | 156 Weeks                                                                                     |

| Dimensions |                 |
|------------|-----------------|
| D          | 90mm +/-1mm     |
| L          | 220mm +/-2mm    |
| T          | 5.5mm +/-0.5mm  |
| S          | 31.8mm +/-0.5mm |
| DT         | 13mm +/-0.5mm   |
| LT         | 223.5mm +/-1mm  |
| TD         | 10mm MIN        |
| V          | 25mm NOM        |
| Z          | 10mm NOM        |

| Packaging Specifications |      |
|--------------------------|------|
| Sleevng                  | Yes  |
| Packaging                | Tray |

| Specifications        |                                                                                        |
|-----------------------|----------------------------------------------------------------------------------------|
| Capacitance           | 30,000 uF                                                                              |
| Capacitance Tolerance | 20%                                                                                    |
| Voltage DC            | 250 VDC, 287.5 VDC (Surge)                                                             |
| Temperature Range     | -40/+105°C                                                                             |
| Rated Temperature     | 105°C                                                                                  |
| Life                  | 9000 Hrs (Rated Voltage And Ripple Current At 105C), 15000 Hrs (Rated Voltage At 105C) |
| ESR                   | 11 mOhms (100Hz 20C), 10 mOhms (10kHz 20C)                                             |
| Ripple Current        | 26.4 Amps (100Hz 105C), 32.5 Amps (10 kHz 105C)                                        |
| Leakage Current       | 6000 uA                                                                                |
