

Scotch-Brite™ Roloc™ Deburr and Finish PRO Unitized Wheel, TR, 2 in x 1/4 in x NH 4C MED+, 60 per case

3M ID 61500301561, UPC 00076308771157

- Unitized construction enhances abrasive durability and strength, helping prolong service life
- Non-woven construction permits dust and debris to escape, minimizing loading
- Perfect for moderate to heavy deburring
- Roloc™ attachment for swift, easy connection to power tool

Specifications

Attribute Name	Value
Application	Deburring, Finishing
Attachment Type	TR
Brand	Scotch-Brite™
Density	4
Diameter	2 in
Diameter (Metric)	50.8 mm
Form Type	Unitized
For Use On	All Metals
Grade	Medium
Industries	Metalworking
Max RPM	22100
Mineral Type	Precision Shaped Ceramic
Product Form	Wheel
Width	0.25 in
Width (Metric)	6.35 mm

Product Details

- Unitized construction enhances abrasive durability and strength, helping prolong service life
- Non-woven construction permits dust and debris to escape, minimizing loading
- Perfect for moderate to heavy deburring
- Roloc™ attachment for swift, easy connection to power tool
- Multi-purpose wheel presents economical alternative to cartridge rolls, flap wheels, flap discs and coated discs

Scotch-Brite™ Roloc™ Deburr and Finish PRO Unitized Wheel is a new wheel designed to make a variety of metalworking applications easier and more efficient for industrial professionals. Typically, abrasives excel in one area: deburring, finishing or blending. This multi-purpose wheel is unique, because it's engineered to do all three.
