

**Date:** August 24, 2020

**Subject:** UHD365 End of Life (EOL) Notification

Dear Valued Customer,

ERP is making significant investments to optimize our current production capacity. During this expansion, we remain committed to existing products with appreciable volume. We are also evaluating old product families that will require compliance with the IEC 62368-1 standard, to be effective on December 20, 2020. This standard supersedes the IEC 60950-1 standard regarding safety requirements for information and communication technology equipment. This change affects both of our UHD product families: the UHD160 and UHD365.

While the UHD160 will remain an active product family and will be certified to the IEC 62368-1 standard, the **UHD365 product family will cease production shipments on December 20, 2020** concurrent with the IEC60950-1 expiration.

This EOL notice serves as the first from ERP in 2020. The list of products affected is located in **Appendix A**. Please review **Appendix A** and the list of products thoroughly to comprehend your existing supply chain stocking requirements.

For product model numbers listed in **Appendix A**, ERP requires the placement and receipt of a **lifetime-buy purchase order by October 1, 2020** through your normal purchasing channels.

**Purchase orders must be received by October 1, 2020 to qualify for delivery before December 31, 2020, the last possible date of shipment of each and every product on the EOL list in Appendix A.** Minimum order quantities (MOQ) may apply through ERP or its licensed distributors. Lifetime buy purchase orders placed with ERP or its licensed distributors carry Non-cancellable, Non-returnable (NCNR) terms. These products will comply with ERP's standard warranty terms and conditions.

For questions or concerns regarding this EOL notification, please contact the appropriate ERP sales representative, customer service representative, or distributor.

Sincerely,

A handwritten signature in blue ink, appearing to read "Laurent Jenck". The signature is stylized with a large, sweeping "L" and a long horizontal stroke at the end.

Laurent Jenck  
Vice-President of Marketing  
ERP Power, LLC

## APPENDIX A

**Last Order Date: October 1, 2020**

**Last Shipment Date: December 31, 2020**
