

product type designation	Terminal block for SCALANCE W, X with 24 V DC, 3-pin, screw terminals, power supply	
product description	Terminal block for SCALANCE W, X, 3-pin, screw terminals, power supply	
	3-pole screw-type terminal block for power supply; 24 V AC/DC for SCALANCE XB-000; 1 pack=5 units; spare part,.	
		
suitability for use	Power supply for SCALANCE XB-000	
interfaces		
type of electrical connection	screw terminal	
mechanical data		
locking mechanism design	Screw flange	
number of poles	3	
tightening torque / for contacts / with screw-type terminals	0.5 ... 0.6 N·m	
design, dimensions and weights		
width	15.24 mm	
terminal contact spacing	5.08 mm

security information		
security information	<p>Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)</p>
