

Title of Change:	Product Discontinuance Notice for Switch & E-Fuse and PMIC & PoL Products manufactured in TowerJazz Fab 1
Last Time Buy Date:	15 Dec 2023
Last Ship Date:	15 Dec 2024
Contact information:	Contact your local onsemi Sales Office
Type of notification:	Customers must notify onsemi (< PCN.Support@onsemi.com >) in writing within 90 days of receipt of this notification if they consider the discontinued product to be "Sole Source." onsemi and the customer may negotiate an appropriate End-of-Life.

Description and Purpose:

The purpose of this notification is to inform customers about the discontinuation of products as a result of the consolidation and renewal process of the Switch & E-fuse and PMIC & PoL product portfolio. These products are currently processed at Tower Semiconductor, Ltd. (Tower) in Fab 1. Tower has communicated that all onsemi products manufactured in Fab 1 will become obsolete in 2024.

It has become necessary to tighten our understanding of our customer lifetime needs and request that you pursue order placement for all affected products by the Last Time Buy Date referenced in this notice.

onsemi wishes to promptly inform our customer of our intent to exit this small portion of our overall portfolio so that you may plan appropriately and effectively for replacement devices.

For those devices that have no recommended replacement identified, onsemi has partnered with Rochester Electronics and Flip Electronics who will carry any remaining device inventory to potentially allow for a continued source after onsemi has completed its business process.

PLEASE NOTE: onsemi may implement minimum order quantities or dollar amounts based on inventories available. Also, Devices on this Product Discontinuance become NCNR (Non-Cancelable, Non-Returnable).

For questions or concerns regarding this notification, please contact your local sales office or customer service representative.
