

1SEE - 1080p HD USB Camera

Indestructible enterprise grade camera with integrated USB hub; ideal for call centers

The 1SEE HD USB camera is **ideal for call centers/remote/home office users** who often use headsets for their meetings, but don't want to lose a USB port on their laptop. Optimized for laptop use, the 1SEE connects through USB 2.0 without having to load any drivers. With **solid block aluminum construction**, this camera is extremely rugged and virtually indestructible. With dimensions of just 1.75" cubed, it is very portable so you can take it with you anywhere you travel.

Featuring 1080p resolution, a 2MP lens, and a 70° Field of View (FOV) users can look their best for any meeting. Resolutions are supported from 640x480 up to 1920x1080 making the 1SEE **operational with every major video conferencing or Unified Communication (UC) platform**. With controls for brightness, contrast, saturation, sharpness and more, the 1SEE can be adjusted for any meeting environment and even has a threaded tripod-ready mounting base.

It also leverages a **no-slip adjustable mount** that allows mounting on both thin laptop screens as well as thicker external displays. **Add a wireless headset with USB dongle to the 1SEE integrated USB HUB** to create a portable conferencing powerhouse that will last for years for an unbelievable price.
