

7/16 DIN Female to 7/16 DIN Female Bulkhead Adapter

RF Adapters Technical Data Sheet

PE9414

Configuration

- 7/16 DIN Female Connector 1
- 7/16 DIN Female Connector 2
- 50 Ohms
- Straight Body Geometry
- Bulkhead Mount Method

Features

- 7/16 DIN Interface compliant with MIL-C-39012
- Silver Plated Contact
- Contact Plating per QQ-S-365

Applications

- General Purpose Test
- Rack Mounted Equipment

Description

Pasternack's PE9414 7/16 DIN female to 7/16 DIN female bulkhead adapter is part of our full line of RF components available for same-day shipping. Our 7/16 DIN to 7/16 DIN adapter has a female to female gender configuration. This RF 7/16 DIN to 7/16 DIN bulkhead adapter allows designers to create external connections on their product enclosures, and can be used in a variety of other rack mount and panel mount applications.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Pasternack also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

Mechanical Specifications

Size	
Length	1.936 in [49.17 mm]
Width	1.77 in [44.96 mm]
Weight	0.505 lbs [229.06 g]

Description	Connector 1	Connector 2
Type	7/16 DIN Female	7/16 DIN Female
Polarity	Standard	Standard
Interface Specification	MIL-C-39012	MIL-C-39012
