

MEDICAL MOUSE

Designed for Medical Applications

FEATURES

- Sanitizable Medical Mouse
- Withstand Most Hospital Grade Cleaners
- Wrapped With Durable Silicon Rubber
- Capacitive Sensor to Replace Traditional Middle Wheel
- 2 Standard Mouse Keys; Left and Right
- Mouse Sensor: Optical

COMPLIANT

- FCC
- CE

SPECIFICATIONS

- Storage Temperature: -40C to +85C
- Operating Temperature: -15C to +55C
- Operating Humidity: 100%
- Power Supply:
 - USB (Wired)
 - Batteries (Wireless)
- Input Voltage Range: 4.25V - 5.5V
- Current Consumption:
 - 10mA @ Mouse Moving (Normal)
 - 5mA @ Mouse Not Moving (Sleep)
 - 480µA @ USB Suspend (Suspend)
- Warranty: 1 Year

TECHNICAL DATA

- Optical Sensor Resolution: 1000CPI
- Speed of Motion Detection: Up to 15 Inches Per Second
- Acceleration: 5g

MECHANICAL

- Keys: 2
- Key Strokes: 1 Million

INTERFACE

- USB
- Wireless
