

California Proposition 65

The Safe Drinking Water and Toxic Enforcement Act of 1986 aims to protect drinking water sources from contamination by chemicals and other toxic substances linked to cancer, birth defects and reproductive hazards. California Proposition 65 applies to all consumer products sold in the state of California.

HMS's products are non-consumer products and are not likely to expose individuals to any chemicals since they are operating in the industry. To the present and best of our knowledge, and based upon the information available to us, some of our products contain [Proposition 65 listed substances](#). If present, these chemicals are not intended to be exposed to users, nor are they intended to be released or discharged during normal product use.

People or companies intending to use HMS products for different uses, other than normal suggested product usage, may cause exposure risk to Proposition 65 chemicals if present. To reduce the risk of exposure, take appropriate precautions when handling the product.
