

Computer Cable, Null Modem Adapter DB25M to DB25F Gold Connectors

MODEL NUMBER: P114-000

Highlights

- Inexpensive alternative to buying new cables
- Full null modem handshake
- Fully shielded against EMI/RFI interference

System Requirements

 Straight through wired cable with DB25 connectors

Package Includes

 Null Modem Adapter Block DB25M to DB25F Gold Connectors

Description

Null modem cables and adapters connect two serial devices that require a null modem configuration. This null modem adapter converts any straight through wired cable with DB25 connectors into a null modem cross-wired configuration. Adaptable to many serial PC to PC or PC to printer applications. Tripp Lite warrants this product to be free from defects in materials and workmanship for life.

Features

- Converts any straight through wired cable with DB25 connectors into a null modem cross-wired configuration
- Gold plated contacts and connectors for superior conductivity
- Tripp Lite warrants this product to be free from defects in materials and workmanship for life
