

RASPBERRY PI EASYC ADAPTER

Weight 6 g

DESCRIPTION

This adapter makes it easy to connect easyC devices and sensors to the Raspberry Pi. It has 3 pieces of easyC connectors and a female header for Raspberry Pi, next to the header there are pins for connecting 5V and 3.3V and ground pins. It simply connects to the Raspberry Pi because its pinout matches the pinout of the Raspberry Pi.

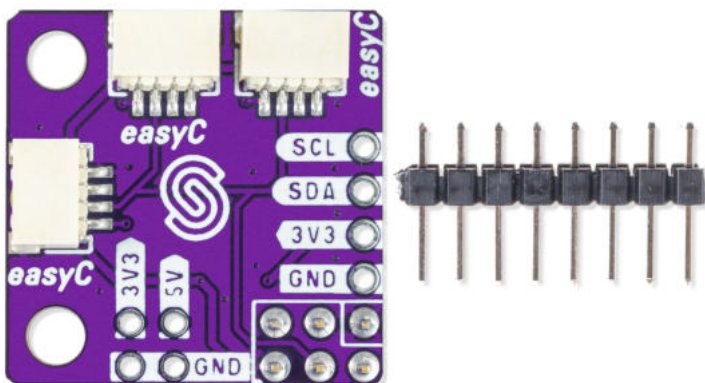

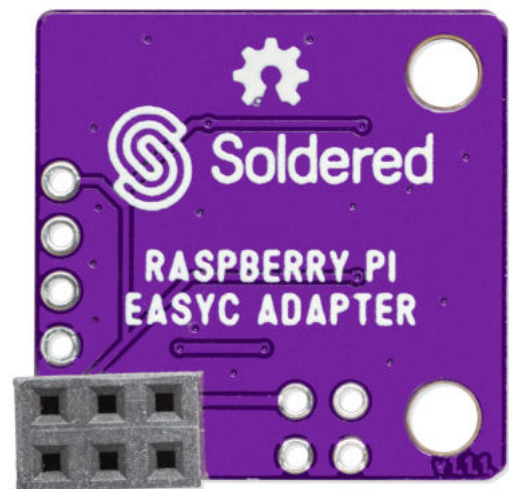

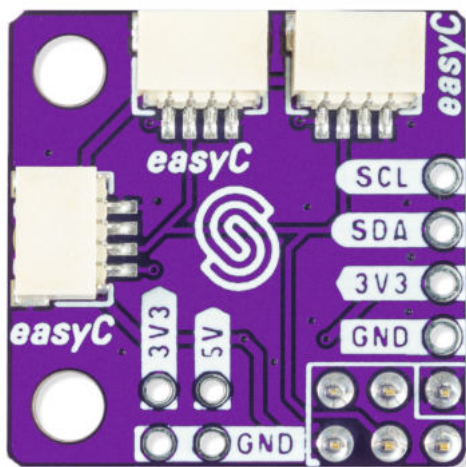

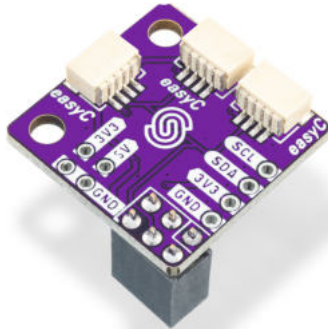

FEATURES

- Voltage: 3.3V and 5V
- Dimensions: 22 x 22 mm / 0.9 x 0.9 inch
