Bel Fuse to transfer Linear Power Products from Shenzhen to Mumbai facility

Dear End-Customer or Sales Channel Partner,

We are writing to you because our records show that you recently bought affected models by this PCN.

As part of the continuous optimization of our global production in terms of suitable products/product technology, we have determined to also manufacture the "Linear" product series in our Indian facility, Transfer from Shenzhen (GongMing facility) to Mumbai (existing Bel/EOS manufacturing facility), with a view to multiple possible manufacturing locations, this product line is well matched to the production capabilities of our Indian facility.

The product transfer will begin in December with the target of being able to produce the first products in India during Feb 2024. Timing varies by products, with initial mass production in Q1, 2024

This notice covers all Linear Power Products (see full list on next page).

Or use our Web-site link to see the list of products.

Timing varies by products, with initial mass production in Feb 2024.

We are planning and executing this transfer very carefully over the next 3 months to minimise any possible disruption.

If you have any questions or special requirements about our qualification or approval process, please do not hesitate to contact your Bel Customer Service Team.

We would also like to take this opportunity to thank you for your business in the past and to assure you that everything we do is aimed at becoming your power supply partner of choice in the future.

Yours faithfully

Dara Crowe
Product Manager
Bel Power Solutions
