

MPO Patchcord

Features:

- High Performance in IL & RL
- 4, 8, 12 and 24 Fiber Available
- High Density Installation
- Suitable for MPO/MTP Application

Applications:

- Optical Access Networks
- CATV Networks
- Data Center Communications

Specifications:

Parameters		Unit	Specifications
Wavelength Range	Single Mode	nm	1310~1620
	Multi Mode		850~1310
Insertion Loss	Single Mode	dB	≤ 0.6
	Single Mode Low Loss		≤ 0.35
	Multi Mode		≤ 0.75
Return Loss	Single Mode	dB	≥ 50
	Multi Mode		≥ 30
Operating Temperature		$^{\circ}\text{C}$	0~70
Storage Temperature		$^{\circ}\text{C}$	-40~85
