

8486 DESKTOP FUME EXTRACTOR 110/220V

Product Description

The 8486 Fume Extraction System from Aoyue features both a high efficiency particulate air (HEPA) filter and an enhanced activated carbon filtration system to bring you the cleanest possible air quality in your working environment. The control panel features variable airflow adjustment, on/off switch, and a large display. Arm is easily bent to desired position and unit can also be wall-mounted for even more space saving!

Key Features

- Quiet operation and powerful suction strength
- Electronic control panel with variable airflow
- Three filtration stages for superior performance
- Carbon filter beads that trap odor and toxins

Specifications

- **Input Voltage:** 100-240VAC
- **Weight:** 1.8Kg
- **Dimensions:** 184(W) x 152(H) x 184(D)mm
- **DC Operating Voltage:** 12VDC
- **Carbon Filter** - Part#: AO300624
- **HEPA Filter** - Part#: AO300632
- **Cotton Filter** - Part#: AO5038486
