

9th Nov. 2023

To: Valued Customer

From: Littelfuse Product Management

Subject: Addition of production capacity for 656 and 658 series holders

With regards to the above reference, Littelfuse would like to inform you that we would be increasing our assurance of supply support from our existing factory in Europe to now include China for the below mentioned 6 part numbers.

The holders that would be shipped out from the China factory would have COO China as the single change on the label.

There are no changes to the electrical specs as defined in the datasheet, no changes in the form, fit and function of the holders. Please see attached for validation report.

There are no changes to the part number.

Affected part numbers are as follows;

65600001009
65600001409
65800001009
65800001109
65800003009
65800003109

We would do the running change for shipments from Dec.9th, 2023.

Please let us know should you have further queries.
