#### Description for Product Discontinuation

We always strive to provide you with state-of-the-art products for your application. To this end, for commercial or technical reasons, it is necessary to regularly check the product range and adjust the product life-cycle accordingly. For this reason, we are discontinuing some coding profiles for our HEAVYCON connectors.

Due to a change in our supply chain, we are updating the part numbers, and some of the pack sizes as well. While only minor visual differences will be noticed, there will be no change to fit or function with the replacement articles.
