

Product Change Notification (PCN)

N° LFPCN230926

Date: September 26th, 2023

Subject: ***PCN for E3 Power Modules Inhouse Assembly Location Transfer***
(Refer to the list of affected parts in page 5)

Dear Valued Customer,

Littelfuse would like to notify you about the transfer of the backend manufacturing of our modules in E3 package to our Outsourced Semiconductor Assembly and Test (OSAT) factory in Laguna, Philippines.

This OSAT facility, a Littelfuse Back End partner since many years, build in mass production E3 products for Littelfuse already. This transfer refers to all our E3 products, which have only been built in our Lampertheim facility so far until now.

Our clear focus being to bring high levels of service to our customers and quality products to support future growth of the power semiconductor business.

Please find enclosed all details related to this PCN.

Important information for your attention and according to JEDEC STANDARD "JESD46":

- Please acknowledge receipt of this PCN. In your acknowledgement, you can grant approval or request additional information.
- Littelfuse will assume the change is acceptable if no acknowledgement is received within 30 days from the date of this PCN. Lack of any additional response within 90 days of PCN issuance further constitutes acceptance of change.

Your prompt reply will help Littelfuse to assure a smooth and well executed transition. Your attention and response to this matter is greatly appreciated.

Thank you very much.

Best Regards,

Mirko Vogelmann
Product Manager

Product Change Notification (PCN)

N° LFPCN230926

SUBJECT OF CHANGE:		E3 Bipolar and IGBT Power Modules OSAT Backend Assembly Location Transfer																									
PRODUCTS AFFECTED:		See page 5																									
REASON OF CHANGE:		Set the right balance for power modules assembly between internal and outsourced Back End facilities. Extend the E3 packages assembly being built in this facility additionally to other E3 products already built there.																									
DESCRIPTION OF CHANGE:		ACTUAL SITE Lampertheim, Germany	TRANSFERRED SITE Laguna, Philippines																								
■ Marking (on parts)																											
• Type of marking		Laser marking	Laser marking																								
• Company Logo		IXYS Logo 	Littelfuse IXYS Logo 																								
• UL Logo		NO CHANGE																									
• Date code + Site Assy code		YYWWX	YYWWAM																								
• Catalog Part Number		NO CHANGE																									
• 2D Matrix		36 characters <table><tr><td>1st to 19th digit</td><td>Official product part number</td></tr><tr><td>20th to 23rd digit</td><td>Date Code (YYWW)</td></tr><tr><td>24th to 25th digit</td><td>Assembly line</td></tr><tr><td>26th to 31st digit</td><td>Lot number</td></tr><tr><td>32nd digit</td><td>Split lot / extra digit for future reference</td></tr><tr><td>33rd to 36th digit</td><td>Individual module number within one lot</td></tr></table>	1st to 19th digit	Official product part number	20th to 23rd digit	Date Code (YYWW)	24th to 25th digit	Assembly line	26th to 31st digit	Lot number	32nd digit	Split lot / extra digit for future reference	33rd to 36th digit	Individual module number within one lot	49 characters <table><tr><td>1st to 25th digit</td><td>Official product part number</td></tr><tr><td>26th to 31st digit</td><td>Date code (YYWW)</td></tr><tr><td>32nt to 33rd digit</td><td>Assembly Line</td></tr><tr><td>34th to 43rd digit</td><td>Lot Number</td></tr><tr><td>44th digit</td><td>Extra digit for future reference</td></tr><tr><td>45th to 49th digit</td><td>Individual Module number within one lot</td></tr></table>	1st to 25th digit	Official product part number	26th to 31st digit	Date code (YYWW)	32nt to 33rd digit	Assembly Line	34th to 43rd digit	Lot Number	44th digit	Extra digit for future reference	45th to 49th digit	Individual Module number within one lot
1st to 19th digit	Official product part number																										
20th to 23rd digit	Date Code (YYWW)																										
24th to 25th digit	Assembly line																										
26th to 31st digit	Lot number																										
32nd digit	Split lot / extra digit for future reference																										
33rd to 36th digit	Individual module number within one lot																										
1st to 25th digit	Official product part number																										
26th to 31st digit	Date code (YYWW)																										
32nt to 33rd digit	Assembly Line																										
34th to 43rd digit	Lot Number																										
44th digit	Extra digit for future reference																										
45th to 49th digit	Individual Module number within one lot																										
■ Labelling (on packing)																											
• Inner Box																											
• Master/Outer Box																											
■ Bill of material		NO CHANGE																									
■ Electrical characteristics		Electrical characteristics of qualification site matched to current production site																									
■ Mechanical characteristics		Mechanical characteristics of qualification site matched to current production site																									

Product Change Notification (PCN)

N° LFPCN230926

RELIABILITY DATA SUMMARY:

- Qualification done on module part structurally representative to the whole E3 modules package family
- The acceptance defining criteria for type tests of this product family are detailed in: IEC 60747-6 Edition 3.0, clause 7.5.5, table 10

Results:	Test	Description	Conditions	Standard Use	# Lots	Qty /Lot	Result
MDMA900U1600PTEH							
1	HTRB	High Temp. Rev. Bias	1000hr., $\leq 125^{\circ}\text{C}$, 1120 V AC	IEC 60749-23	2	5	Passed
2	Humidity	High Temp. High Humidity Bias	1000hr., 85% rH., 85°C	IEC 60749-42	2	5	Passed
3	T/C	Temperature Cycling	100 cycles, $-40^{\circ}\text{C}/+150^{\circ}\text{C}$	IEC 60749-25	2	5	Passed
4	P/C	Power Cycling	20 000 cycles, $\leq 125^{\circ}\text{C}$, dT=80K	IEC 60749-34	2	5	Passed

Product Change Notification (PCN)

N° LFPCN230926

TIME SCHEDULE:

■ Parts availability:	<i>First evaluation samples scheduled for week 44 (October 30th) from Philippines</i>
■ Production ramp-up	<i>November 2023 (Week 44 onwards)</i>
■ Last Shipment:	By end of October (Week 43) from assembly site in Lampertheim
■ Last time buy:	N/A - Any new orders will be processed through the new assembly site

E3 package pressfit pin

(pin-out location is non representative to all topologies offered)

Product Change Notification (PCN)

N° LFPCN230926

ASSESSMENT:

- No influence in terms fit, form and function.
- No part number change.
- Data sheets remain unchanged.
- LF Qualification report available upon request.

LIST OF AFFECTED E3 POWER MODULES (See Note below):

	Littelfuse SAP part number	Catalog part number
1	MDMA450U1600PT-PC	MDMA450U1600PTEH-PC
