Step-Down (230VAC to 115VAC) Plug-In 175EU Series

Note: This product line has been discontinued as a stocked series. Information is for reference only. For alternative solution assistance, please **contact Hammond here** or call: USA (716) 630-7030, Canada and International (519) 822-2960.

Features

- Single winding, does not provide isolation, for use where equipment is already isolated and only voltage change is required.
- World wide applications, 50 or 60 Hz. operation, step down (230VAC to 115 VAC).
- Input is circuit breaker protected.
- Hi-pot tested to 2 KV RMS.
- Indoor use only.
- Remember - These units do NOT convert line frequency.
- Note: Due to U.L changes in 2007 we have discontinued production of this version.
