

MT15:16-SWALKS-M6-25

Ruland Swivel Clamp Hinge Kit, Thread M6, L 25mm, Stainless Steel

Description

Ruland MT15:16-SWALKS-M6-25 is a swivel clamp hinge kit with an M6 thread and 25 mm sleeve and stud length. It is designed to join Ruland swivel components that begin with MT15 or MT16 and acts as a hinge point. The user can use standard tools to make positioning adjustments when frequent repositioning is not required. MT15:16-SWALKS-M6-25 allows for movement of the swivel joint when needed in a more compact installation when compared to types with adjustable clamping handles. Components are made from 303 stainless steel for corrosion resistance. MT15:16-SWALKS-M6-25 is manufactured by Otto Ganter, inventoried by Ruland, and RoHS3 compliant.
