

Product Change Notification

TE Connectivity

Product Change Notification: P-23-025189

PCN Date: 29-SEP-23

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

multiple part numbers

Description of Changes

TE is adding a second source resin supplier for the ISL (Secondary lock) on the part numbers listed in the information tab. Resin type (PBT GF15%) does not change. Current resin supplier is BASF and the new second source is Kingfa. Kingfa will serve as the primary resin source and BASF will become the second source. As agreed upon with the final using OEM, no TE part number changes are required since there is no resin type change and validation shows both resin suppliers are equivalent. TE internal drawings will be updated to call dual source for resin material and changes will be tracked internally. This is considered a running change. No change to Form, Fit, Function. OEM approval available upon request.

Reason for Changes:

Product improvement. Resin dual-sourcing to help improve product demand

Estimated Dates:

Last Order Date (Obsolete Parts Only):

First Date To Ship (Changed Parts Only):

19-FEB-2024

Last Ship Date (Obsolete Parts Only):

Last Date for Mixed Shipments: (Changed Parts Only):

No Mixed Shipments
