v2.1.1

Description

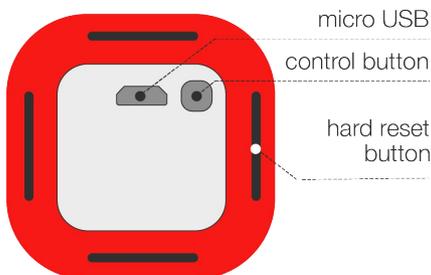

Mimic GO is the world's first multifunctional and portable security device. Protect your home and your personal belongings anytime, anywhere with Mimic GO™. Being water and dust resistant, Mimic GO is always ready to GO anywhere you go.

Mimic GO™ provides the most reliable instant security anywhere through the combination of various sensors and alarms, all without a camera.

Control Mimic GO™ with the Smart Mimic mobile App. Through the App, the user assigns different monitoring tasks such as; detects that something has opened a (door, window, drawer, etc.) detects when a secured object is moved, like a (backpack, laptop, cookie jar, etc.), detects when there is a human level of motion in a secured area.

KEEP IT
SAFE
