

USB to Bluetooth v2.0 Adapter

MODEL NUMBER: **U260-000-R**

Description

Tripp Lite's U260-000-R USB to Bluetooth 2.0 Adapter enables wireless capabilities to be added to a USB desktop or notebook computer. Allows cable-free connections to other Bluetooth enabled devices, such as PDAs, cell phones, printers, or other computers. Up to 7 devices can connect simultaneously to create a Personal Area Network. Power for the adapter is supplied by the notebook USB port, with no need for an external AC adapter. Data is kept secure with 128-bit encryption and AFH (adaptive frequency hopping), which is almost impossible to intercept.

Features

- Connect up to 7 devices within a range of 65 ft.
- Compatible with all Bluetooth v1.1, v1.2, and 2.0 devices
- AFH (adaptive frequency hopping) eliminates interference
- 128-bit secure data encryption for safe communications
- Bluetooth application software by IVT BlueSoleil™
- Windows compatible only
