Discontinuation of 1200V, 4A Co-pack Discrete IGBTs- IXA4IF1200**

Dear valued customers and partners,

Littelfuse would like to notify the discontinuation of 1200V, 4A Co-pack Discrete IGBT. Existing and the last time buy orders will be fulfilled with the new Co-pack diode chip having same electrical specifications as old diode chip.

Reason of change: Discontinuation of production of the old diode chip

Last time buy date: September 15, 2023

Form, fit, function changes: No change in the form, fit or function.

Description of Change:

1. Bill of Material (BOM)
2. Reliability

APPENDIX A: Description of change

APPENDIX B: Affected part numbers list

Best regards,

Faheem Zahid
Product Marketing Manager
Discrete IGBTs
Littelfuse SBU

JChen19@littelfuse.com

Appendix A:**1. Bill of Material (BOM)**

Co-pack diode chip replaced with similar electrical characteristics.

2. Reliability Result:

Passed, more details can be made available on request.

Appendix B:

AFFECTED PART NUMBERS	PACKAGE
IXA4IF1200UC	TO-252
IXA4IF1200PZ	TO-263
IXA4IF1200TC	TO-268
