THX:BT-1/4-9/64", HEX BIT SOCKET

Ruland THX:BT-1/4-9/64", Hex Socket Bit, Bit Size 9/64", Drive Size 1/4", Bit Length 1-7/8" (48 mm), Steel

Description

Ruland THX:BT-1/4-9/64" is a 9/64 in hex bit socket with a 1-7/8" (48 mm) length. It is designed to fit Ruland supplied torque wrenches with a 1/4" square drive. THX:BT-1/4-9/64" is manufactured from chrome plated steel for durability and not meant to be used with power tools. It is heat treated for added wear-resistance ensuring a long service life.
