Description of Change: To introduce an additional manufacturing location in Japan for 293D.

Reason for Change: To further expand production capacity and establish a fully qualified dual-manufacturing location to mitigate supply risks for our customers, Vishay is utilizing our equipment and processes already established in our Polytech manufacturing facility located in Miharu, Japan to manufacture the 293D series. This facility has a highly skilled and experienced workforce and is already certified to the following international standards: ISO 9001, ISO 14001, ISO-45001, and IATF 16949."

Expected Influence on Quality/Reliability/Performance: No change in quality and reliability performance.

Part Numbers/Series/Families Affected: 293D*E3

Vishay Brand(S): Vishay Sprague

Time Schedule:

Start Shipment Date: Wed Apr 10, 2024

Sample Availability: Upon Request

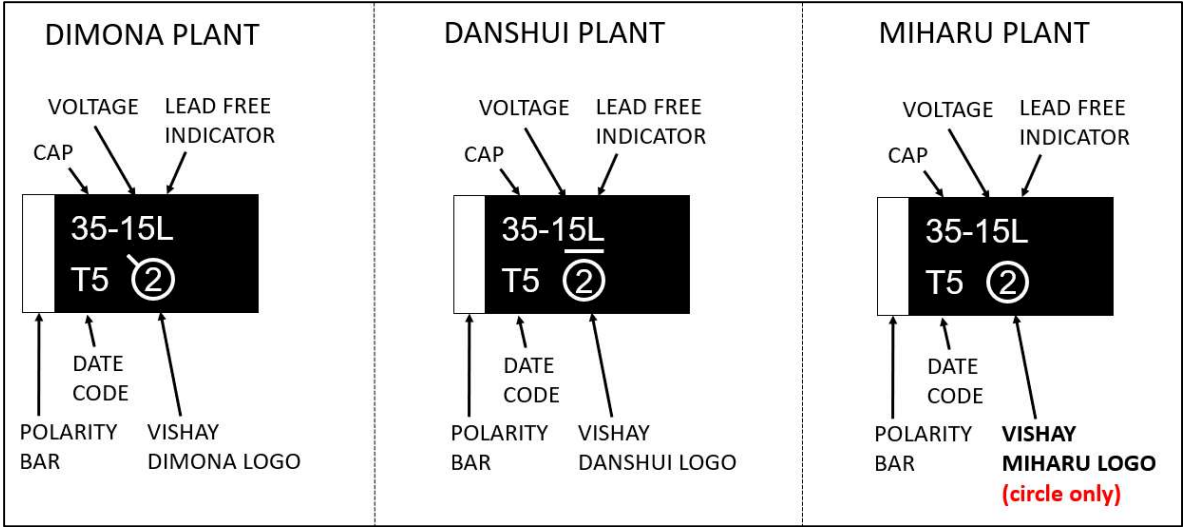

Product Identification: A special mark (circle deuce) will be added into marking code to identify Miharu site.

Qualification Data: Upon Request

This PCN is considered approved, without further notification, unless we receive specific customer concerns before Fri Feb 9, 2024 or as specified by contract.

Issued By: Stanislav Zelinsky, stanislav.zelinsky@vishay.com
