<b>Product Discontinuance Notification Details</b>				
<b>Description of Discontinuance:</b>				
<p>Texas Instruments, Incorporated (TI) is announcing the discontinuance of select UART interface devices. Part Numbers are listed in the Product Affected Section. A non-cancelable, non-refundable last time buy is being offered per the date shown above.</p> <p>Recommended replacements are being offered as shown in the Product Affected Section.</p> <p>NOTE: There are no samples offered for withdrawn/obsolete products. For samples of any replacement products, please contact your local sales representative.</p>				
<b>Reason for Withdrawal/Discontinuance:</b>				
<p>This PDN is related to TI's multiyear transition plan for DFAB in Dallas, Texas. DFAB will remain open, but will focus on 200-mm production, with a smaller set of technologies. The technology for these devices is being phased out of DFAB. These changes are part of our multiyear plan to transition these products to processes and technologies that will continue to be supported.</p>
