½ round Clip-Over Accessories - For 0.87" x 0.87" only

Design forgives rough or oblique cuts, and imprecise measuring.

Product Specification - Clip-Over Accessories

**Rear Grip Tabs**

Secure the accessory in gap between flat surface and D-Line length, as made possible by depth of rear foam-tape

**ABS material**

Robust material

**Can be painted**

Scuff using gentle abrasive such as fine sandpaper, so paint keys for best results

**Easy-to-install**

Clip-Over accessories can forgive poor cuts at length ends, and imprecise measuring
